Style Guide for EvaluATE (Title)

This is a guide to help ensure the correct style is used on all EvaluATE documents. (Subtitle)

Section 1- Fonts (Heading 1)

This section features the different fonts used by the project, the type style and size. (Sub1)

This is the text area for section 1 explaining how fonts should be used. (Body Text)

Example Fonts (Heading 2)

An example of how all fonts should appear in your document. (Sub2)

Section 2- Colors (Heading 1)

Here are the main and secondary EvaluATE colors. (Sub1)

Use these colors when creating documents, charts, or outreach items. Use the main colors first, only use secondary colors when more than two colors are needed. (Body Text)
