On the EvaluATE external evaluation survey, responders were asked, *About how often have you obtained information from the website, webinars (both live and recorded), and newsletter, in the last 12 months?* The overall responses for each EvaluATE resource are presented below. For a more complete description of the results, visit [http://www.evalu-ate.org/about/evaluation/](http://www.evalu-ate.org/about/evaluation/).

**Frequency of Use of EvaluATE Resources**

**April 2016**

**Website**
- 30% Frequently
- 37% Occasionally
- 18% Infrequently
- 15% Never

**Webinars**
- 45% Frequently
- 40% Occasionally
- 12% Infrequently
- 3% Never

**Newsletters**
- 30% Frequently
- 33% Occasionally
- 26% Infrequently
- 13% Never

The chart displays the combined frequency of use for recorded and live webinars (n=209), with the "n" representing the number of unique users.

**Frequency of Newsletter Use by Role**

- **PI (n=86)**
  - 13% Frequently
  - 31% Occasionally
  - 34% Infrequently
  - 22% Never

- **Co-PI (n=25)**
  - 8% Frequently
  - 28% Occasionally
  - 40% Infrequently
  - 24% Never

- **Evaluator (n=34)**
  - 3% Frequently
  - 30% Occasionally
  - 35% Infrequently
  - 32% Never

- **Grant Writer (n=15)**
  - 13% Frequently
  - 20% Occasionally
  - 27% Infrequently
  - 40% Never

- **Other (n=44)**
  - 16% Frequently
  - 32% Occasionally
  - 27% Infrequently
  - 25% Never

Frequency of use of EvaluATE’s webinars and website is similar for individuals with different roles in the programs. In contrast, the newsletter showed lower use by grant writers compared to all other roles.
